

MOLLY CURTIS - Digital Marketing Specialist

PROFESSIONAL SUMMARY

Digital marketer specializing in landing pages, CRO, UX, paid media, and web strategy. I combine creative thinking and data-driven marketing to create experiences that are visually engaging and built to perform. I've built and managed my own photography business, working directly with clients and producing high-end edited images.

EXPERIENCE

National Business Institute

Digital Marketing Specialist — February 2026 - PRESENT

- Design, develop, and optimize conversion-focused landing pages for paid media, email, direct mail, organic social, and web campaigns.
- Improve landing page performance through A/B testing of layouts, messaging, and calls to action.
- Design and produce multi-size display ads for paid media and promotional campaigns.
- Analyze website and campaign performance in GA4 to identify trends and optimization opportunities.
- Manage and publish organic social content across company channels to support marketing initiatives.

Marketing Analyst — December 2023 - February 2026

- Supported company rebrand and Shopify migration through content strategy, content migration, QA, and website updates
- Analyzed website and campaign performance using GA4 to identify trends and optimization opportunities
- Translated marketing analytics into actionable recommendations to improve campaign performance
- Built and maintained marketing reports and dashboards to support business decisions

Marketing Intern — June 2023 - December 2023

- Supported website updates, content publishing, and digital marketing campaigns
- Created graphics and visual content for web, email, and social media
- Assisted with marketing research, content development, and campaign execution

Molcurphotos Freelance Photographer — January 2019 - PRESENT

- Develop editorial creative shoots, wedding and event photography, and branded photography for individuals and companies
- Manage client communication, scheduling, editing, and final delivery
- Perform high-end retouching, bulk editing, and color grading
- Manage photography portfolio website through SEO-focused content and blogs
- Published in 30+ magazines and online features
